## Notice of Price Revision

Dear valued customer,

First and foremost, we would like to express our sincere gratitude for your continued support and partnership.

We regret to inform you that, due to ongoing increases in the cost of raw materials, transportation, and procurement of components and secondary materials, as well as rising labor costs driven by factors such as the increase in minimum wage and a declining working-age population, it has become increasingly difficult to maintain our current pricing structure.

Despite our ongoing efforts to reduce costs through internal efficiencies, we have reached a point where it is no longer feasible to absorb these expenses without affecting our ability to ensure a stable supply of products.

Accordingly, we will be implementing a price revision for orders placed on or after the date indicated below.

Effective Date: February 1, 2026

Affected Products: All products

Note: Kindly request a quotation reflecting the revised prices prior to submitting your purchase order.

We sincerely apologize for any inconvenience this adjustment may cause and respectfully ask for your understanding and cooperation.

Thank you for your continued trust and support.

Yours sincerely,

**Kyuta Owase**
